ALICE SPRINGS EMERGENCY

Prime Minister,

We write to you requesting urgent assistance for our community of Alice Springs.

Our city is under attack by violent and life-threatening offenders committing crimes all through the day and night.

A city under siege, we cannot even get our groceries. Our supermarkets are in lockdown.

Our streets and civic buildings have been trashed. We cannot continue like this. Our residents are fleeing.

Our police are doing the best they can but are severely under-resourced.

There is precedent to send in Federal resources during times of crisis, flood, fire, cyclone, covid, we ask that you immediately allocate AFP officers to save Alice Springs.

The Northern Territory government has not answered our call for more police so we ask that this be elevated to a national emergency.

Alice Springs is an iconic and important town to Australians, without immediate action, our town may not survive.

Yours sincerely,
